# COIL CLEANERS

## EVAPORATOR COILS (INSIDE)

TURN REFRIGERANT TO VAPOR - **YOUR AC'S INDOOR AIR HANDLER.**

## CONDENSER COILS (OUTSIDE)

TURN REFRIGERANT FROM VAPOR BACK TO LIQUID.

While they have opposite functions, **BOTH VITAL** to the heat transfer process that keeps your home comfortable year-round.

**CONTAMINANTS  
AFFECT INDOOR  
AIR QUALITY TOO!**

- The air moving across coils contains contaminants such as *dust, dirt, pollen, grease & moisture.*
- They settle on the coil surfaces, adversely affecting the coils' *ability to function properly* and *increase power costs.*

Equipment operating with dirty coils can use **MORE THAN 30% MORE ENERGY** than equipment with clean coils.

## CHOOSING THE RIGHT CLEANER

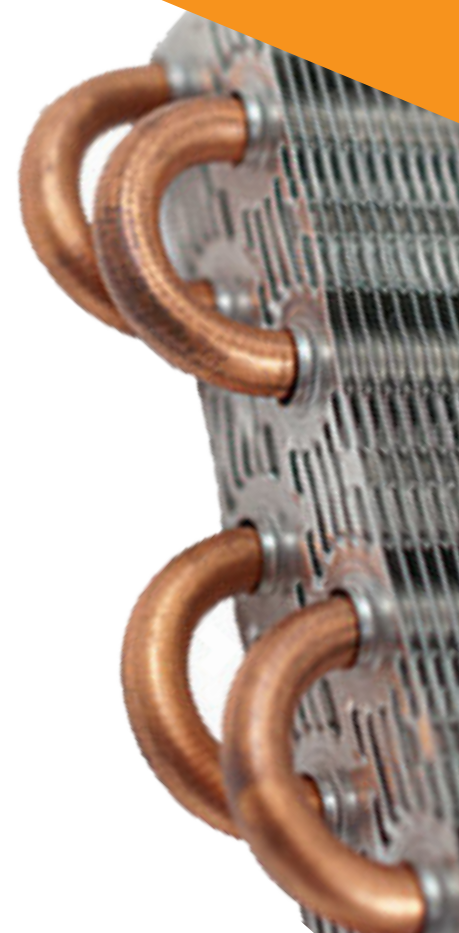

Coil cleaners are divided into two categories, *acid and alkaline.*

### ACID CLEANERS

Usually made with hydrofluoric acid  
Great for brightening metals and removing mineral deposits or oxidation  
Typically more dangerous than alkaline-based cleaners

### ALKALINE CLEANERS

2 Types: Foaming coil cleaners (caustic) and non-foaming detergent cleaners.  
The caustic formulations use sodium hydroxide and tend to be more aggressive  
Great for removing oils, fats, greases & proteins

# QS COIL CLEANERS LINE

## 2050 - CHARGE Condensate Drain Cleaner

- Pressurized Spray Penetrates & Breaks Down Clogs
  - No Harmful Vapors & Biodegradable
  - Flush Algae, Slime, Hair and Organic Matter

## 2720 - GREENSCAPES NEUTRAL CLEANER Coil Cleaner

- Removes Grease, Dirt, Matted Material and Lint From A/C & Heater Coil Fins
  - Environmentally Friendly
- Meets EPA Criteria for Safer Choice Program
  - Biodegradable & Concentrated

## 5390 - SIDEWINDER Foaming Cooling Coil Cleaner

- Removes Grease, Oil & Water Deposits
  - Self Rinsing & Fast Acting
- Alkaline-Based Formula Cleans & Deodorizes

## 5410 - COBRA Coil & Fin Cleaner

- Removes Dirt and Matted Material from Coils & Fins
  - Stream Spray Goes Deep Into Coil
    - Requires No Rinsing
  - Alkaline-Based Formula

## 5430 - COPPERHEAD Foaming Coil Cleaner

- Reduces Oxidation & Energy Consumption
  - Water-Based & Biodegradable
- Increases Air Flow & Unit Efficiency
  - Heavy Foaming Action

## 5470 - PYTHON EZ A/C CARE Evaporator Coil Cleaner & Disinfectant Aerosol

- One Step Cleaning, Disinfecting and Deodorizing Action
  - Controls Mold and Mildew
- EPA Registered Virucide, Mildewstat & Fungicide

## 6601 - COBRA Condenser Coil Cleaner Liquid

- Leaves the Coils Smooth and Bright
  - Non-Acid Formula
  - Heavy Foaming Action

## 6606- RATTLER Condenser Coil Cleaner Liquid

- Cleans Evaporators and Electronic Air Filters
  - Dissolves Grease, Lint, Dirt and Nicotine
  - Alkaline-Based Formula

**PRO TIP:**  
Dilute Liquid Coil Cleaners with Cold Water to Save Energy

**WHEN TO RINSE COILS:**  
**Evaporator Coils:** When using non-evaporator cleaners.  
**Condenser Coils:** When using any coil cleaner.  
**Air Filters:** When using any coil cleaner.
