

SUPER PEN

FOAMING PENETRANT

For Non Chlorinated & No Silicone

Breaks Through Tough Rust

*Creeps Between Parts
For Safe Loosening*

Displaces Moisture & Prevents Rust

5530 SUPER PEN

12 - 20 oz cans/case

SUPER PEN is a highly effective blend of lubricants, solvents and moisture displacing oils. Quickly penetrates rust to loosen frozen parts and prevents corrosion from coming back. The non drying formula will work to keep out moisture prolonging equipment life and lowering the cost of maintenance. Foaming action works to minimize run off for maximum penetration and creeping into mated parts. Contains moly for extreme pressure performance.
