# DEFLECT

## All Season Surface Repellent

Repelente de Superficies de Todas las Temporadas

**SPECIALLY FORMULATED WAX** to keep snow, slush and ice from sticking to snow removal equipment, plows, snowmobiles, snowblowers, ski equipment, snow shovels and more. Can also be used on the underside of lawn mowers, weed eaters, hedge trimmers, ratchets and other lawn maintenance equipment to prevent grass clogging and dirt build-up, chipping and wear-and-tear. Hubs blades stay sharper longer. Creates a barrier to protect metal, fiberglass, plastic and painted surfaces from build-up and damage. The protective wax barrier resists graffiti and other stains. Prevents staining and corrosion from urethane, bath salts, keeps food from staying "sticky" on surfaces. \*Such as vinyl boards and varnished partitions. It may be applied to metal, "Non-Toxic contact surfaces only".

**DIRECTIONS:** Spray surface to be treated and allow to dry. For indoor use: Wipe off excess with clean, soft cloth to polish. Avoid overspray on flooring as surface may become slippery.

**INSTRUCCIONES:** Pulverizar la superficie a tratar y dejar secar. Para uso en interiores: Limpiar el exceso con un trapo limpio y seco para pulir. Evitar la pulverización en el suelo como la superficie puede ser resbaladiza.

**DANGER:** Flammable liquid and vapor. Causes skin and serious eye irritation. May cause respiratory irritation, drowsiness or dizziness. May cause damage to organs. May be fatal if swallowed and enters airways.

**DANGER:** Flammable liquid and vapor. Causes skin and serious eye irritation. May cause damage to organs. May be fatal if swallowed and enters airways.
