

HOUSEKEEPING

2500 DUST B GONE Air Duster is the environmentally safe spray to air blast away dust, crumbs and other debris from hard to clean areas such as keyboards and printers.

FOODSERVICE

5280 PEN EASE Food Grade Penetrating Oil provides high-performance penetrating lubrication while maintaining food-grade integrity. Its pinpoint spray extension applicator reaches difficult areas with the NSF H1 listed formula.

INDUSTRIAL

Use **6008 HI POINT Industrial Degreaser** when high flash point is required or when extended contact time is necessary. Use it to clean electrical contacts, circuit boards, heavy oil from equipment and more. It is non-flammable and biodegradable with no VOCs.

AUTOMOTIVE

Protect vehicles from insect remains which can become embedded and hard to remove by applying odorless **2620 SHOWTIME Invisible Coating & Bug Shield**. Its invisible protective coating repels bugs, dirt, dust and smudges.

PRODUCT GUIDE

SUMMER CAMP NECESSITIES

Make sure summer camps are well stocked with products for cabins, outdoor activities, dining halls and restrooms.

Spring Cleaning for Groundskeepers

As the weather turns warmer and preparation begins for summer fun, groundskeepers have long spring cleaning maintenance lists which can include jobs like preparing landscaping equipment, fixing rusted hand rails, cleaning A/C coils, and sprucing up pool furniture. QuestSpecialty is the one-stop shop for the specialty chemicals needed to get ready for summer activities.

RUSTED SURFACES

Rusted surfaces can be more than unsightly. They can cause injury with ragged, sharp edges which can harbor bacteria which can cause tetanus.

Renew rusted surfaces with **6410 RESTORE Rust Converter & Protective Coating**. It converts rust into a black organic complex while forming a clear acrylic coating to protect the surface from further damage. It can be painted over with latex, oil-based or epoxy paint.

5960 REVIVE Rust Converter Spray is a convenient way to treat rusted surfaces and eliminate the need for brushing, sandblasting or scraping before painting rusted surfaces.

AIR CONDITIONERS

Under normal use, air conditioner coils should be cleaned twice a year. It is important to use the right cleaning product and not damage the coil fins with too much force.

5390 SIDEWINDER Foaming Cooling Coil Cleaner is our most aggressive and versatile coil cleaner as it can be used on both condenser and evaporator coils with no need for rinsing. Its pressure spray penetrates deeply into the coils and fins to emulsify and flush out soils.

5470 PYTHON EZ A/C CARE Evaporator Coil Cleaner & Disinfectant is a one-step cleaner and EPA registered disinfectant. PYTHON is best used on small air conditioner units, cooling coils, auto air conditioners and in hotels/motels rooms to treat units from the build-up of mold and mildew.

LANDSCAPING EQUIPMENT

Prolong the life of expensive landscaping equipment with the proper pre-season preparation and ongoing maintenance throughout the season.

Treat the lawn mower deck and underside with either **2155 BACK DOWN All Season Surface Repellent** (aerosol) or **6040 DEFLECT All Season Surface Repellent** (liquid).

(continued, page 2)

Spring Cleaning for Groundskeepers *(continued)*

These formulations form a wax barrier on the mower's surface and prevents the build-up of grass, dirt, and clippings, thus making daily cleaning much easier. Other landscaping equipment can also be treated to prevent debris build-up and premature wear.

5340 MR. MECHANIC Lubricant Spray is a light mineral oil ideal for lubricating, penetrating and preventing rust on nuts, bolts, and corroded parts. (Compare it to WD-40).

L1070 MR. JOE Amber Premium Lithium E.P. Grease is a NLGI Grade 2 rated, lithium-complex grease that keeps equipment running smoothly. For equipment requiring a moly disulfide grease, check out **L1020 MOLY TUFF Premium Multi-Purpose Moly E.P. Grease**. It is NLGI Grade 2, exceeds the ASTM D 4950 requirements and has a GC-LB classification by the National Lubricating Grease Institute.

POOL/PATIO FURNITURE

When bringing furniture out of storage, clean, refurbish and protect them from summer wear and tear.

2700 GREENSCAPES Heavy-Duty Glass & Multi-Surface Cleaner Concentrate is recognized by EPA's Safer Choice program and can be used on many different types of patio and pool furniture including plastic, glass, fiberglass, vinyl, chrome and other hard surfaces.

Protect pool/patio furniture and resin lifeguard stations from tanning oil, lotion and food stains with easy-to-apply aerosol **2620 SHOWTIME Invisible Coating & Bug Shield**. It also prevents cracking, fading and hardening of vinyl surfaces.

For stripping wood furniture, using new **5570 MISTER BLISTER Methylene Chloride-Free Paint Remover** is a safer alternative to traditional paint removal. It penetrates deep to remove paint as well as lacquer, shellac, enamel, and varnish.

TECHNICAL CENTER

Look Mom ... No Seams!

Want a streamlined look to your private label aerosol product?

Check out our DS cans which are available for most aerosol products. They are sleek, smooth, and seamless. No top seam or side seam to interrupt the can's surface aesthetics.

They are BPA-free and highly corrosion-resistant. Plus, they are lighter than traditional three-piece aerosol cans.

Top off these seamless cans with the plunger cap (nozzle) of your choice. We offer either the smaller, more conventional nozzle or the wider finger-press, shaped to better fit fingers for better user comfort.

We also offer a unique two-way nozzle to be used as either a manual spray or for fogging action.

And if that isn't enough private label options, we have **the industry's lowest minimum for aerosols with our 24-case Program (or 288 cans)**. Have your own label on just about all our 400+ aerosol products.

Call your QuestSpecialty rep or 800.231.0454 for more details.

UNIQUE PRODUCT TIPS

Solving Sticky Seats at the Hair Salon

Perhaps one of the hardest clean-up tasks for hair stylists is the residue left behind on the chair after using hair spray. Some stylists try to avoid using hair spray all together because it is so difficult to remove.

We recently got rave reviews from a stylist after we recommended using **20301 NU-VIEW Concession & Food Equipment Cleaner** on the chair to remove hair spray. Although it is NSF A1 listed for foodservice, it works great on many different surfaces including plexiglass, Formica, plastics, acrylics and chrome. Its powerful, non-toxic clinging foam was perfect for removing hair spray and other soil from the stylist's chair.

VENUE SPOTLIGHT

Work It Out with Gyms & Fitness Clubs

Gyms and fitness clubs have unique maintenance needs as visitors are there for one purpose ... to sweat. This adds an additional challenge to the diverse areas of the building with different needs for cleaning, disinfecting and maintenance. QuestSpecialty has a product for every area of a gym or fitness club.

EQUIPMENT/CLEANING+DISINFECTING:

FOR USERS TO WIPE-DOWN EQUIPMENT

6560 EXPRESS WIPES SANI-CLEAN All Surface Cleaner: One step cleaning and deodorizing with a pleasant tropical fragrance. 1600 pre-moistened wipes per container.

FOR END-OF-DAY DISINFECTING

2930 GERM AWAY Foaming Germicidal Cleaner II (RTU): EPA registered, ready-to-use, broad spectrum germicide. Cleans and disinfects in one-step.

LOCKER ROOMS:

FIESTA Metered Air Fresheners: Choose from 15 different fragrances of this automatically dispensed air freshener. One refill can constantly deodorize for 30 days.

3620 SPRING MIST Concentrated Odor

Counteractant: Dilute with up to 10 parts water and use as a space spray, apply directly on surfaces, or add to mop water to chemically destroy odors.

3570 ENCORE RTU Non-Acid Disinfectant Bathroom Cleaner:

Convenient, ready-to-use, moderately priced EPA registered disinfectant, cleaner, fungicidal, mildewstat, virucide and deodorizer. Fresh, floral fragrance.

EQUIPMENT/MAINTENANCE+LUBRICATION:

FOR ELLIPTICAL MACHINES

5830 SAFE BET Penetrating Grease: Lithium complex lubricant and penetrant changes from a fluid to a tough, protective grease in minutes. Methylene chloride-free formula.

FOR TREADMILLS

5340 MR MECHANIC Penetrating Lubricant: This greaseless formula seals with a complete molecular film. Never becomes dry, brittle or hard.

FOR WEIGHTS/GUIDE RODS

5660 MICRO-DRY PTFE Dry Lubricant & Release Agent: Slicker than silicone & graphite. It is a low-odor dry lubricant with excellent anti-stick properties.

COMMON AREAS:

2980 GREENSCAPES OXYGENATED Cleaner & Degreaser (RTU): Hydrogen-peroxide based multi-purpose surface cleaner. EPA Safer Choice recognized.

FOR WINDOWS/MIRRORS/PLEXIGLASS

2130 SHEEN Glass Cleaner: Foaming, water-based formula clings on vertical surfaces. Eliminates cold weather streaking.

FOR RUBBER MATS / YOGA MATS

5260 MAIN EVENT Cleaner Degreaser: Foams away perspiration and body odors. It is food safe so it can also be used in snack/smoothie bars.

GROUNDS MAINTENANCE

Bubble, Bubble, No Toil, No Trouble

Whether you spray it or brush it, **MISTER BLISTER is the safer, "no toil, no trouble," methylene chloride-free paint remover.**

It is also effective in removing lacquer, shellac, enamel, varnish, labels, carbon deposits, silicone and simulated wood paneling.

The thick, gel-based formula clings to vertical surfaces for longer contact time. Its **blistering action occurs in three to four minutes in most cases**, but might take a longer depending on the material being treated. After the blistering is completed, either wipe clean or rinse with water.

5570 MISTER BLISTER Methylene Chloride-Free Paint Remover Aerosol
6090 MISTER BLISTER Methylene Chloride-Free Paint Remover Liquid

NEW PRODUCT

Safer, Non-Toxic Insect Repellent

Look no further for a non-toxic, DEET-free insect repellent.

4360 NOT THIS TIME Natural Insect Repellent has no harsh chemicals, artificial colors, fragrances or synthetic pesticides. It is strong enough for outdoor workers yet safe enough for babies, toddlers, kids and pets.

It is made only with ingredients which qualify for the EPA 25(b) exemption in EPA pesticide regulations, making it the preferred alternative to those not wanting to use a DEET product.

NOT THIS TIME is formulated to repel flying, biting insects such as mosquitoes, biting flies, chiggers, fleas and ticks. It is easy to apply with a spray which works upside down and right-side up.

P.O. BOX 624, BRENHAM, TX 77834

NEW PRODUCT

Concentrated Lavender Cleaner

No rinsing required with this powerful, concentrated formula that is tough on cutting through dirt yet gentle enough for most surfaces, leaving them residue-free.

2580 SIMPLY LAVULOUS Lavender All-Purpose Cleaner can be used with mops, trigger sprayers, pressure washers or automatic scrubbers.

It's great for cleaning floors, walls, countertops, painted surfaces, vinyl, kitchens, bathrooms, and more!

You'll love its long lasting lavender fragrance!
