## Wasp & Hornet Killer

- **Kills Wasps, Hornets, Yellow Jackets & Bees On Contact**
- **Kills With Residual Action As Wasps & Hornets Return To Nest**
- **Jet Spray - Will Reach Nests Up To 20 Feet Above Ground**
- **Dielectric Breakdown Voltage Of 47,300 Volts**

### ACTIVE INGREDIENTS:

Tetramethrin	0.10 %
Permethrin	0.25 %
*Piperonyl Butoxide	0.50 %
**OTHER INGREDIENTS:	99.15 %
	100.00 %

\* (butylcarbityl) (6-propylpiperonyl) ether and related compounds

\*\*Contains petroleum distillates

EPA Reg. No. 44446-71 EPA Est. No. 44446-TX-1

**KEEP OUT OF REACH OF CHILDREN  
CAUTION**

SEE BACK PANEL FOR ADDITIONAL PRECAUTIONS

**NET WT. 12 OZ. (340 g)**

QuestSpecialty Corporation  
P.O. Box 624 • Brenham, TX 77834

### FIRST AID

**If in Eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**If Swallowed:** Call a poison control center or doctor immediately for treatment advice. Do not give any liquid to the person. Do not induce vomiting unless told to do so by a poison control center or a doctor. Do not give anything by mouth to an unconscious person.

**If Inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

**If on skin or clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

**Have the product container or label with you when calling a poison control center or doctor, or going for treatment. Call 1-800-255-3924 for emergency medical treatment information.**

**NOTE TO PHYSICIAN:** Contains petroleum distillate - vomiting may cause aspiration pneumonia.

### PRECAUTIONARY STATEMENTS

#### Hazards To Humans & Domestic Animals CAUTION

Causes moderate eye irritation. Avoid contact with eyes or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wear long sleeved shirt and long pants, socks and shoes.

#### User Safety Recommendations:

- User should wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.
- Users should remove clothing/PPE immediately if pesticide gets inside and after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into (put on) clean clothing.

#### Environmental Hazards

This pesticide is extremely toxic to aquatic organisms, including fish and invertebrates. Do not apply directly to or near water. Drift and run-off may be hazardous to fish and aquatic organisms in water adjacent to treated areas. Do not contaminate water when disposing of equipment, washwater, or rinsate. See Directions for Use for additional precautions and requirements.

This pesticide is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment areas.

#### Physical and Chemical Hazards

**Flammable.** Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Read Entire Label.

#### Use Restrictions

For spot, crack, and crevice application only. Do not apply more than 112 lbs. (1792 ounces or 89 bottles) of this product (0.56 lbs. ai PBO) per 1000 square feet. Not for broadcast use on indoor surfaces.

Do not apply this product in a way that will contact adults, children, or pets either directly or through drift.

Do not allow adults, children, or pets to enter the treated area until sprays have dried.

Do not apply when food is present. Remove or cover dishes,

utensils, food processing equipment, and food preparation surfaces, or wash them before use.

Remove pets, birds and cover any water inhabited by fish (such as aquariums and ornamental fish ponds) before spray application. Turn off aquarium filtering systems before spraying and wait approximately 15 minutes after application before turning the filter back on.

Do not use in commercial food/feed handling establishments, restaurants or other sites where food/feed is commercially prepared or processed. Not for use in federally inspected meat and poultry plants.

Do not apply to pets or contaminate feed, foodstuffs, dishes or utensils.

Do not make application during rain.

Do not wet articles to point of runoff or drip.

Do not use treated article until spray has dried.

Do not apply directly into sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.

Remove or cover exposed food and drinking water before application.

Close milk bulk lids to prevent contamination from spray and from dead or falling insects. Remove or cover milking utensils before application. Wash teats of animals before milking. Do not use in aircraft cabins.

Other than application to building foundations, all outdoor applications to impervious surfaces such as sidewalks, driveways, patios, porches and structural surfaces (such as windows, doors and eaves) must be limited to spot or crack and crevice treatments only, except for the following permitted uses: Treatment to soil or vegetation around structures; Applications to lawns, turf, and other vegetation; Applications to building foundations, up to a maximum height of 3 feet.

For best results, spray in early morning or late evening when insect activity is minimal. Stand a safe distance from nest and not directly underneath. Remove protective cap. Hold can upright and point spray opening toward nest with wind at your back. Spray until nest is thoroughly saturated to kill the entire nest population. Residual action will kill **Wasps** and **Hornets** returning to the nest. Wait at least 24 hours before removing the nest.

To kill **Wasps, Hornets, Yellow Jackets** and **Bees** under eaves, screens, window frames, doors, patios, cracks, holes or crevices wherever insects are noticed, spray for about 1 - 2 seconds or until surfaces are moist. To prevent entrance of insects into the house, spray around points where insects can enter house; outside plumbing, faucets, and cracks or crevices in foundation as well as along sills and ledges.

Do not spray vegetation directly to prevent damage to foliage.

If spray accidentally contacts foliage, immediately wash with water. This product may discolor exterior surfaces of building, structures and painted surfaces and may cause staining (darkening) of asphalt surfaces and shingles. Test product in an inconspicuous area before applying.

#### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

**Pesticide Storage:** Store in a cool, dry area away from children and pets and away from heat, sparks and open flame. Do not transport or store below 32°F. Do not freeze.

**Pesticide Disposal and Container Handling:** Do Not Puncture or Incinerate! **If empty:** Place in trash or offer for recycling if available.

**If partly filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.
