GENESIS

PENETRATING LUBRICANT

LUBRICANTE PENETRANTE

Non-Flammable
Non-Chlorinated
Non-Conducting
Four Way Protection
Prevents Rust &
Displaces Moisture
50,000 Volt Dielectric Strength

DANGER/PELIGRO:
CONTAINS GAS UNDER PRESSURE; MAY EXPLODE IF HEATED.
CONTIENE GAS A PRESIÓN; PUEDE
EXPLOTAR SI SE CALIENTA.

NET CONTENTS: 55 GALLONS

GENESIS

CORRODED SURFACES: Will loosen dirt and scale from painted and plated surfaces. Remove loosened scale and spray again to cover surface. **TO LOOSEN BOUND PARTS:** Liberal application will loosen threads, tightly fitted parts, sliding and rotating parts, bolts, hinges and pins which have been "frozen" by corrosion. The formula will protect against renewed corrosion. GENESIS is a powerful, multiple-action protective shield against the harmful effects of moisture and corrosion. It protects electrical gear, metal and other surfaces from deterioration by displacing water and moisture and sealing all surfaces with a complete molecular film. It preserves equipment, thus reducing repair and maintenance costs. Also lubricates, loosens dirt, scale and other corrosive elements; never becomes dry, brittle or hard. Protects the properties of insulating substances and does away with wicking. The conductivity of commutators and contacts is protected by the formula. Can be used on either dry or wet surfaces. To ensure adequate protection, periodic checks should be made to determine the need for reapplication.

DIRECTIONS: Remove all loose soil prior to application. Apply liberally directly on area to be treated. Reapply periodically as required.

MODO DE EMPLEO: Elimine toda la tierra suelta antes de la aplicación. Rocíe libremente sobre el área que se va a tratar. Repita periódicamente según se requiera.

DANGER: Suspected of damaging fertility or the unborn child. May be fatal if swallowed and enters airways. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Wear protective gloves, protective clothing and eye protection. If exposed or concerned: Get medical advice or attention. Store locked up. If swallowed: Immediately call a poison center or doctor. Do NOT induce vomiting. Dispose of contents and container in accordance with local, state and federal regulations.

PELIGRO: Se sospecha que puede dañar la fertilidad o al feto. Puede ser mortal si se ingiere y entra en las vías respiratorias. Obtenga instrucciones especiales antes de usar. No lo manipule hasta haber leído y comprendido todas las precauciones de seguridad. Use guantes, ropa y protección ocular. En caso de exposición o sospecha: Consulte a un médico. Guárdelo bajo llave. En caso de ingestión: Llame inmediatamente a un centro de toxicología o a un médico. NO induzca el vómito. Deseche el contenido y el recipiente de acuerdo con las normativas locales, estatales y federales.

Contains (CAS#): Distillates (petroleum), hydrotreated light (64742-47-8), White mineral oil (8042-47-5), Dipropylene glycol monomethyl ether (34590-94-8), Octamethylcyclotetrasiloxane (556-67-2), Petroleum naphtha (Proprietary).

HMIS Ratings: Health - 2, Flammability - 1, Reactivity - 0, Personal - C.
