ULTRA TAC

High Pressure Penetrating Lubricant

ULTRA TAC is especially formulated to dispense as an oil-like lubricant designed to penetrate and lubricate. ULTRA TAC then sets up as a viscous, high impact grease adding protection and heavy lubrication to the treated area. The unique formula contains PTFE which remains on surface, leaving a protective coating between lubrication periods.

- ❖ **581000001-20AR Ultra Tac**
12–20 oz. cans/cs. 14 oz. net wt.
